## ABOUT ME

As a 19-year-old software analysis student, I am proficient in languages like Python, JavaScript, and CSS, along with databases like PostgreSQL, MySQL, and MariaDB. My passion for graphic design joins my skill in managing social networks, complementing my focus on software development. I have applied my skills in outstanding academic projects and look for opportunities to continue growing both technically and creatively.

## SKILLS

- **Programming:** Python, JavaScript, HTML, CSS, PostgreSQL, MySQL, MariaDB
- **Graphic design:** Figma, Adobe Photoshop, Adobe Illustrator, Adobe Lightroom, Adobe Premier
- **Tools:** Git and GitHub
- **Soft skills:** Creativity
